# DEBATING

The class will be divided into 5 groups. Each group is allocated one of the golden ticket winners – Augustus Loop, Veruca Salt, Violet Beauregard, Mike Teavee and Charlie Bucket. Your team will have to prepare a minimum of five arguments as to why your candidate should win the chocolate factory.

## FACTORY

# How will the debate work?

- ❖ You will have to present one argument at a time and give details to that argument by justifying your argument with an example from the book.

- ❖ After each round, you will have to vote for the two candidates you think should stay.

- ❖ Whoever has the least vote will be removed from the debate.

- ❖ The last team to stay will be the winner of the chocolate factory.
